RE: Great Lakes Asphalt Site

Dear Mr. Felitti:

This is to inform you that Whirlpool Corporation is in receipt of your correspondence dated September 4, 1991, concerning the above-referenced site. As a settlor in the Enviro-Chem Superfund matter, it is our position that protection from previously executed consent decrees have applicability in this matter. However, it would be unwise to not at least listen to the government's proposal in this matter. Accordingly, please advise the undersigned at your earliest convenience of the government's proposed settlement package for Whirlpool Corporation.

Please let me know if you have any questions concerning the above.

Very truly yours,

  
John P. Stansbury  
Senior Counsel  
(616) 926-5014
